

Ostrava 15.2.2015

Dear IDO National member Organizations,

Dear trainers, dancers and parents,

We are very proud that after 4 years we got the opportunity to organize IDO World Street Dance Show Championships in Ostrava. Ostrava is a big city with lots of cultural and sport events.

We would like to inform you that we need to re-schedule the dates of our Championships because Ostrava is hosting in the same dates (17.-20.9.2015) NATO DAYS. It is event about airmanship, which takes place at airport Leos Janacek and involves about 145,000 visitors. This situation would greatly complicate our competition. For example arrivals and departures of dancers, but also accommodation and movement around Ostrava. That is why we asked IDO to change the competition dates to 24. -27.9.2015 for what we are grateful and hope that it will be better also for you all.

I hope that it did not cause big complications and I believe that reschedule will be benefit for the whole event.

Please if you have any questions and you need help (transportation and accommodation), please contact us at this email: didedadance.tastud@post.cz

Best regards

Dita Hejníková and all team of organizers from DIDE Dance Ostrava
