

Technical specifications for making a valid video

2.1 Videos should be recorded in a horizontal format (vertical videos will not be accepted).

2.2 The video file should be only in mp4 format – HD 1080P or HD 720P. Maximum file size for single video upload: 300 MB

2.3 Videos should be recorded from a solid position (tripod or similar). Hand held videos will not be accepted.

2.4 No light effects can be used - Just natural light and standard hall light. No background noises and no cheering are allowed.

2.5 Dancing direction should be towards the camera (facing).

2.6 All moves (hands, legs, jumps, acrobatics) should be fully visible - Choose appropriate distance from performers having in mind not to be too far away. Recording should be made so that couple/formation is not too small.

2.7 In background, no banners from national association or club are allowed, no mirrors are allowed, just plain background - Preferably with a few colors as possible. Also, no other people than the performers are allowed to enter the recording area.

2.8 No additional editing (cutting in the parts of the video, special effects) of the video is allowed, except cropping 16:9 video format and converting to the appropriate file format, resolution and file size. Applying of any video and audio filters is also not allowed - Any video with editing will not be accepted.

2.9 Groups and formations must be recorded from a elevated position with good visibility on all dancers, lines and patterns.

3.0 You can add the music of the performance additionally to have a higher quality of music in the video.
